September 16, 2003

Honorable Mayor Simpson and Members of the City Council City of Frisco, Texas

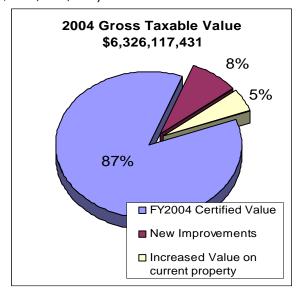

Dear Mayor Simpson and Council Members:

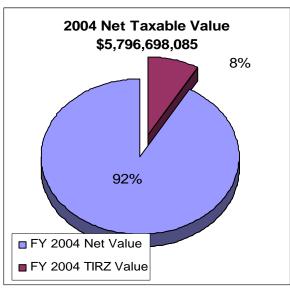

The City of Frisco staff is pleased to present the recommended Fiscal Year 2003-2004 Annual Program of Services, which includes the general fund, utility fund, environmental services fund, debt service fund, Tax Increment Reinvestment Zone #1 fund, hotel-motel occupancy tax fund, and capital projects budgets. As always, efforts have been made to hold expenses down as low as possible while continuing to deliver an excellent level of service to our citizens.

The various budgets proposals are summarized:

#### **GENERAL FUND REVENUES:**

The certified tax values for FY 2004 have been set at \$6,326,117,431 (of this amount the Tax Increment Reinvestment Zone #1 has a captured value of \$529,419,346, resulting in a current net taxable value of \$5,796,698,085), which represents a 19.6% increase on the present net taxable value of \$4,845,025,741. The gross taxable value increase of \$991,947,665 is comprised of two factors – increased value in existing property (\$373,773,681) and value of new improvements and annexations (\$618,173,984).

The proposed tax rate for FY 2004 is \$.43200 per \$100 valuation, which is approximately \$.095 higher than the current tax rate. According to the effective tax rate worksheet as mandated by the State Property Tax Board, the proposed \$.43200 tax rate is \$.00884 less than the rollback rate (the effective operating rate multiplied by 1.08 percent plus the debt service rate). The tax rate is to be divided so that \$.225954 goes toward funding the general fund operations and the remaining \$.206046 goes into the debt service fund.

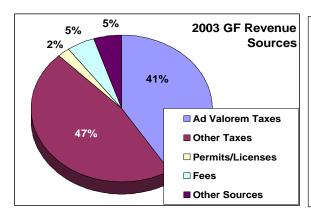

The approximate \$1.4 million in additional property tax revenue for maintenance and operation generated by the increase in taxable value is being more than offset by 26.5 new FTE positions, increasing the salary and benefits cost to departments funded by the general fund by \$1.3 million and an additional \$2.4 million in increased salary and benefit costs for our existing employee base.

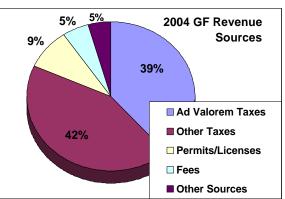

We are proposing for the actual maintenance and operation tax rate to decrease from \$.241559 in FY2003 to \$.225954 proposed in this year's budget. Our debt service rate increased from \$.095491 to \$.206046 due to the \$96,500,000 in voter-authorized debt sold to fund the construction of an expanded Central Fire Station and a new Fire Substation; road construction and improvement projects; a new Police Headquarters; a new Central Library; a new City Hall; new and expanded neighborhood parks and hike and bike trails; a new Recreation Center; and phase I of a Heritage Village. We plan to begin each of these projects within the 2004 fiscal year.

If you will recall, in the Bond Report published by the City prior to the election, we noted that we expected the tax rate to climb to \$0.4592 for FY 2004 if we sold \$87 million in debt. While we recognize that the proposed \$0.095 increase is significant, we were actually able to sell more bonds allowing for more projects than initially anticipated for a lower total rate due to the continued growth in the tax base and lower than expected interest rates.

Sales tax has been budgeted at \$11,750,000 in the proposed budget, which is an increase of \$1.5 million compared to this year's projected collection of \$10,250,000. Although this is more aggressive than in previous years, we feel that this is still a reasonably conservative estimate based on the new retail establishments and permits that we are seeing. The grants to be paid to the mall developer and power center developer are projected to be roughly \$3.05 million during the fiscal year.

Franchise taxes are projected to be \$2,935,000, which represents approximately a \$409,000 decrease from the current year due to the City receiving the FY 2002 CoServ Electric payment in FY 2003. There are several other factors that have caused franchise fees to increase at a slower pace than population. These include the difficulties federal rulings have created by removing broadband cable access from the fees and continued difficulties with accurately collecting fees from the multitude of deregulated telecommunications providers currently doing business in Frisco. We are forecasting next year's building permit revenue at \$2.5 million as compared to this year's expected total of \$6 million due to an effort to maintain a conservative estimating approach to this volatile revenue source and to take account of the still unstable economy.

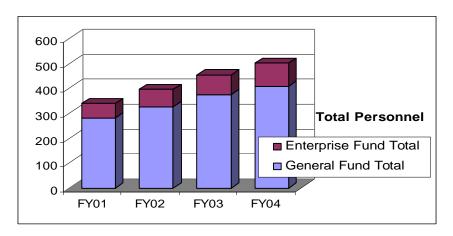

Total general fund revenues for the FY 2004 budget year are projected to be \$34,261,709 as compared to projected revenues this year of \$35,964,942. The projected amount in Building Permit fees largely accounts for the projected decrease although the ad valorem and sales tax revenues are increasing. Total proposed general fund operating expenditures (excluding transfers) for the coming year are \$34,258,193. Compared to the projected year-end total for the current year of \$30,311,922, the proposed general fund expenditures are proposed to increase a total of \$3,946,271 or 13%.

#### PERSONNEL:

Funds have been set aside in the budget for merit-based increases averaging 5% across the organization. A total of 36 new positions are included in the proposed budget. We currently have 480 positions authorized, with the addition of the 36 proposed positions, the new total will be 516, or an increase of 7%. The general fund has 28 new positions and the enterprise fund has 8 new positions.

Annually, Human Resources undertakes a study to determine how much salaries may need to be adjusted in order to equal the market-based increases for our area. Based upon preliminary findings, we have allocated 1.5% of total salaries for the market-based adjustment.

#### **GENERAL FUND EXPENDITURES**:

The offices under General Government and their respective funding amounts include: City Manager's Office - \$1,308,827; Communications and Media Relations - \$442,246; City Secretary's Office - \$327,844; and City Council - \$132,120. The FY 04 General Government budget for these total \$2,211,037, which represents a 7.7% increase from the FY 03 budgeted total of \$2,052,160. There is one new position proposed for the General Government budget.

The Police Department budget includes funding for 8 additional personnel, which will bring the total personnel in the department to 108. The department continues to do an excellent job in obtaining grants, but the federal funding sources for grants are diminishing. The city has processed two applications for additional grant funds and is waiting to hear the outcome of those applications. The revenue in this year's budget of \$315,000 is the payment from Frisco Independent School District for their share of the salary and benefits for the school resource officers. The total FY 2004 Police Department budget is proposed to be \$8,155,831, which is an increase of \$1,244,170, or 18% over this year's original budget.

The Fire and EMS Department budget provides for the hiring of 9 additional staff, which brings the total personnel in this department to 92. The use of the additional fire personnel will be to begin staffing fire sub-station #5 scheduled to go in service at some point during the year, and to increase staffing levels at the existing stations. The proposed Fire Department budget is \$7,487,196, which represents an increase of \$978,328, or 15% above the FY 2003 original budget.

The General Fund Public Works Department Budget is comprised of the Street Division, Fleet Services Division, and Traffic Division. The Traffic Division has been broken out this year in order to better capture the maintenance costs of the signalized intersections, school zones, pavement markings and signage. Their combined proposed budget is at \$3,025,562, compared to this year's budget of \$2,796,319, an increase of \$229,243, or a 8.2%. There are no new positions proposed for the Department.

The Human Resource Department budget is proposed to be \$477,694, up \$16,480 from this year's original budget, or 3.57%. While no new positions are being proposed for the Department, we have included \$40,000 in contract and professional services for employee development and training services.

The divisions grouped under Administrative Services include Administration, Finance, Purchasing, Tax, Municipal Court, Support Services, Building Services, Section 380 Sales Tax Grants and Utility Billing (the budget for utility billing is included in the enterprise fund). The Administration Division's budget is proposed to increase to \$239,332, a 31.9% increase over the current year budget of \$181,492. Most of this proposed increase is going to fund a Budget Analyst position to aid the Administrative Services Director and City Manager's Office in the administration and preparation of the budget.

The Finance Division has a recommended budget of \$693,388, a 14.2% increase over the current year budget with no new personnel proposed for the division.

The Purchasing Division is currently in its first full-year of operation. The proposed budget for this division is \$124,215, a 13.6% increase over the current year revised budget. There are no new personnel proposed for the division.

We are proposing a budget of \$329,011, for a 4.9% increase in the Tax Division due largely to increased costs associated with the Collin County Appraisal District. No new positions will be added to the Tax Division in the coming budget year.

The Court Division budget is proposed to increase 26.45% to \$467,062. The proposed increase reflects the upgrade of one position within the division in the current fiscal year and includes an additional \$30,000 in services to add two additional court dates per month.

The Support Services Division does not include any personnel, but accounts for costs of the telephone system, electrical and gas utilities (excluding the facilities which can clearly be linked to a specific operating department or are accounted for in the enterprise fund), and liability and property insurance. These total \$634,600, a 3.13% decrease from the current year budget due largely to a decrease in the liability and property insurance costs.

Our Building Services Division accounts for the personnel and operations of the maintenance staff. We are proposing a \$165,301 budget, for a 1.85% increase over the current year.

In all, the Administrative Services Department is proposed to see a 12.7% increase to \$5,707,910, which includes a \$3,055,000 line item for our current Section 380 Sales Tax Grants.

This year's Library Services Department operations budget is proposed to be \$775,144, as compared to the revised current year's budget of \$824,769, which is a decrease of \$49,625, or 6%. This is principally due to grant funds that were expended in FY 2003 that will not be repeated. In addition to the operations budget, we have included \$188,041 in the capital projects budget for new book purchases, roughly a \$74,622 increase over the current year funding. There are no new positions being proposed.

The Planning and Development Department includes the Planning Administration and Building Inspections Divisions. The budget for the Planning Administration Division is proposed to increase to \$1,195,941 as compared to this year's revised budget of \$1,202,255, or a 0.53% decrease. Funding for an update to the Impact Fee Study is provided in the Utility Capital Projects Fund in fiscal year 2004.

The total proposed budget for the Building Inspection Division is \$1,903,685. The division budget provides for adding two Building Inspectors and a Health Inspector based upon the demand brought about by building permit activity and increase in the number of restaurants and public pools. The division's budget increased by \$169,788, or 9.79%, as compared to this year's revised budget of \$1,733,897.

The proposed Parks and Recreation Departmental budget adds 5.5 full-time equivalent employees. There are five divisions within the Department. The proposed Administrative Division budget is \$317,643, the Parks Maintenance Division is \$1,462,097, the Recreation Division is \$952,188, the Median Development Division is \$225,415, and the Planning and CIP division (a newly created division) is \$98,638, for a departmental total of \$3,055,982, a 19.5% increase over the departmental total in the current year. The proposed personnel additions include 2.5 FTE increase in Senior Center staff in anticipation of its opening, and an additional 3-person crew in the Parks Division for maintenance of the existing and new parks and medians.

A new department created during the current year is the Information Technology Services Department, and it is comprised of three Divisions - Administration, MIS, and GIS (although GIS is funded from the Enterprise Fund). The IT Services Department is responsible for the administration and management of our hardware, networking, and software applications as well as the implementation of the portions of the IT Master Plan that the City Council has identified as priorities. FY2004 will be its first full year of operation, and we have proposed a budget of \$132,773 for the Administrative Division and \$204,438 for the MIS Division. We are currently proposing no new general fund positions for the Department.

It should be noted that capital costs associated with the growth of the City are not reflected in the operational budgets of the individual departments and divisions as listed above. We are proposing to fund just over \$2.07 million in capital expenditures from our current year fund balance. A list of all funded capital can be found in the Capital Projects section of the budget. Due to the strong performance of several revenue sources, we are able to again make this transfer without adversely affecting the Fund Balance carrying forward from the previous year.

#### **ENTERPRISE FUND REVENUES AND EXPENDITURES**

Total water revenues are budgeted to increase next year to \$17,215,740 compared to current year's revised projections of \$15,219,511. This reflects our best estimate. Water sales, as you know, can easily vary up to 25% due to rainfall totals. We plan on completing a rate study in the next few months in order to evaluate our current rates. As a result, any identified rate adjustments would be recommended for a January, 2004 implementation.

The Sewer Division calls for total estimated revenues of \$5,338,420 as compared to the current year's revised revenues of \$4,574,000. This total reflects an increase due to the anticipated growth in the customer base.

Total budgeted revenues in the enterprise fund are \$23,510,060 as compared to total projected revenues for this year of \$21,265,411, a 10.5% increase. It should be noted that in addition to the operational funding outlined below, we pay approximately \$3.8 million to service the debt of the fund.

Expenditures in the Water Division budget are proposed at \$7,267,707 as compared to this year's revised budget of \$6,450,590. Much of the increase in expenditures within the Division are directly related to an increase in the water rates that we pay North Texas Municipal Water District for water. The rate that the City pays for water is increasing 5.7%, from \$0.87 per 1000 gallons today to \$0.92 per 1000 gallons next year. We are proposing to fund 3.5 FTE positions, including half the salary of an Education Coordinator for water conservation programs to be shared with the Environmental Services Division, a Water Quality Technician to centralize our water quality and testing activities, a Line Locater position in order to maintain responsiveness and protect the infrastructure, and an additional Maintenance Worker to complete an existing crew.

The proposed budget for the Sewer Division is \$3,545,255. Of this amount nearly \$2.1 million is for contract services to NTMWD related to the operation and maintenance of the wastewater treatment plants serving the city. We have proposed adding one sewer camera crew and associated equipment in order to increase our ability to review our existing sewer system in addition to all of the new service lines that we are currently reviewing.

The Meter Division's budget is proposed at \$2,195,778. The major expense in the department is \$1,527,729 for new meters, which in addition to providing for new customers, we are continuing to retro-fit old meters to remote-read meters for accuracy and to lessen the dependence upon adding future meter readers as the city continues to grow. At the current pace, the switch over to remote-read meters will take about two more years to complete. We are proposing to add one Maintenance Worker in order to keep up with the growing number of accounts and to better manage our meter inventory.

The Utility Billing Division budget is proposed at \$492,358 which is a 4.5% increase from the current year budget. No new personnel are being proposed for the division for FY04.

The Engineering Services Department total proposed budget is \$2,180,626, which includes: Engineering Services Administration at \$245,031; Construction Inspection at \$689,737; Engineering at \$919,475; and Capital Improvements Projects at \$326,383. The total revised budget for the current year is \$1,828,396, making the proposed budget an increase of 19.26% over current year revised budget, due to a number of positions that were unfilled for a large portion of the year. Within the Department, we are not proposing any new positions, but we are proposing to reclassify the Engineering Co-op position to a Traffic Engineering position to better reflect our current workflow demands.

The Asset Management/GIS Division is also funded from the Enterprise Fund. This division has a total proposed budget of \$642,607, down 4.5% from last year. The decrease is related to the services agreement that we completed this year which has no ongoing cost. The department currently has five employees, and this proposed budget would add an Applications Administrator to manage and integrate our existing legacy applications, and to lead the administration of our Customer Relationship Management System.

#### **ENVIRONMENTAL SERVICES FUND REVENUES AND EXPENDITURES**

The personnel in the Environmental Services Fund are responsible for superintending the Solid Waste and Recycling collection contractors, our Household Hazardous Waste Center, and several other educational and community activity functions.

The Sanitation revenues are projected at \$4,995,732. We have contemplated rate increases for the past seven years but new rates have never been put into effect; however, due to increasing landfill and transportation costs, we will be reviewing the rates again this year to ensure their adequacy to fund the necessary operations. We expect that we may have to increase rates this year.

The Environmental Services Fund budget is proposed at \$5,259,010 as compared to this year's projected expenses of \$4,025,190. The major expenses for the department are related to the contracts for collection of refuse (\$2.5 million) and recyclables (\$402,375), along with the cost of disposal (\$1,899,580). In FY2004, the collection and disposal costs alone are projected to increase by nearly \$1.1 million. Additionally, we are proposing to fund half of the salary of an Education Coordinator from the Fund.

#### **CAPITAL PROJECTS BUDGET**

The capital projects budget is used to track the large infrastructure and building projects, which are funded with general operating transfers, intergovernmental revenue, bond funds and other special funding methods. This year we are projecting a total capital projects budget of \$244,614,221, with a revised FY03 estimate of \$87,191,181. In June of 2003, the City sold approximately \$115 million in Certificates of Obligation bonds for the MLS Soccer Complex project, convention center, Panther Creek Public Improvement District, Frisco Square MMD, and various water and sewer projects. In July, the City sold \$96.5 million in General Obligation bonds to fund the first phase of the voter-approved building and road projects. Building and infrastructure projects of this magnitude typically span two to three years. The following list contains many of the projects that are under construction, or we plan to have under construction within FY 2004.

The following is a summarized list of the major projects proposed to be funded in the next year in the capital projects budget:

- 1. Road and Street Projects \$61,327,174, major projects include:
  - a. *Main Street* \$15,271,500 for three phases of construction between the Dallas North Tollway and Preston Road, and for design between Preston Road and Custer Road.
  - b. Coit Road between Main Street (FM 3537) and College Parkway \$2.8 million.
  - c. Eldorado Parkway grade separation \$3.9 million.
  - d. Eldorado Parkway between Frisco Heights and Hillcrest Road \$3.0 million.
  - e. *Various Downtown Streets*, including Azalea, Maple, Mimosa, Third, Fourth, Sixth, Pecan, Hickory, First, Seventh, Dogwood, Meadow, Preston Trace, and Sunset \$5.8 million.
  - f. Legacy Drive from the underpass to Platinum Park \$4.35 million.
  - g. Preston Road Overlay District Implementation \$2.5 million.
  - h. Ohio Drive from Lebanon Road to Wade Blvd \$2.86 million.
  - i. Frisco Street from Main to Sinacola Business Park \$3.49 million.
  - j. Teel Parkway from Timber Ridge to High Shoals \$4.2 million.
- 2. Central Fire Station Expansion and Substation \$7.0 million;
- 3. Police Headquarters \$15.2 million;

- 4. Central Library \$12.4 million;
- 5. City Hall \$18.0 million;
- 6. Parks and Hike and Bike Trails \$6.8 million;
- 7. Recreation Center \$10.1 million:
- 8. Public Works complex \$10 million;
- 9. Two elevated water storage tanks and supply lines \$4.5 million;
- 10. Eldorado water pump station and ground storage tank \$6.0 million

The figures listed are the amounts that we expect to spend or obligate within FY 2004. It is clear that the proposed FY 2004 capital program is the largest in the history of Frisco, and is likely to be the largest for some time.

#### **DEBT SERVICE FUND:**

Current tax revenues estimated to go into the debt service fund are projected to be \$11,943,865. We are showing supporting revenues from the TIF (TIRZ #1) at \$8,198,481. The water and sewer utilities will contribute \$3,254,458 and \$551,904, respectively, for their share of debt service for certificates of obligation. The Frisco Community Development Corporation (FCDC) will contribute \$2,412,789 for certificates of obligation sold by the city to fund FCDC land purchases and projects. The Frisco Economic Development Corporation (FEDC) will fund \$1,464,130 for the debt service for certificates of obligation sold by the city for FEDC projects. Total revenues going into the fund are budgeted at \$25,262,007.

Obligations to be paid out of the debt service fund total \$25,476,154 (including fees) leaving a fund balance of \$165,208.

# CITY COUNCIL STRATEGIC FOCUS AREAS

The budget is the plan of action detailing how the City's overall goals will be achieved. Approved budgets provide funds for the cost of people, supplies, and capital improvements. These items are investments in the quality of life for our community.

As Council has discussed, the implementation of the Balance Scorecard effort for the City of Frisco will take place over the next several years. Key to that effort is the development of Strategic Focus Areas which will allow the alignment of the City's operations with the City Council's long term view.

At its most recent annual workshop, Council developed seven Strategic Focus Areas for the City of Frisco. These Focus areas and the steps taken in this proposed budget to address them include:

# 1. Long Term Financial Health -

Tax Rate increase minimized Fund Balance in General Fund and Enterprise Fund maintained

Funding of capital needs from Fund Balance

#### 2. Public Health & Safety -

Additional police officer positions

Additional firefighter positions

Additional Inspections/Code positions

## 3. Community Infrastructure -

Funding of capital projects from operating budget

Additional staffing of parks maintenance crews

Additional staffing for water/wastewater crews

#### 4. Unique Sustainable City -

Funding of contribution to Arts Plan - \$90,000

Funding of water conservation coordinator/environmental outreach position

# 5. Excellence in City Government -

Funding for pay and benefit improvements consistent with market needs Continuation of merit pay system

#### 6. Leisure and Culture -

Staffing of new Senior Center

#### 7. Civic Excellence -

Coordination of Youth Net activities by library staff

Each budget unit includes, as a part of its description of responsibilities, details of that department's mission, strategies, objectives, and measures. The operating departments of Frisco are beginning to implement the Balanced Scorecard approach. The programmatic details included with the budget units describe the first steps they are taking in incorporating that approach with their budgets and aligning with Council's Strategic Focus Areas.

#### **CONCLUSION:**

Frisco is known for providing excellent public service. That tradition is founded on the dedication, skills, and talents of the elected officials, volunteer board members, and employees of the City. Facing the rapid growth of our community, innovation and determined effort are necessary for the City of Frisco to continue effectively and efficiently providing the highest quality services for our citizens.

If we can provide any additional information to you, please don't hesitate to contact us. Thank you for giving us the opportunity to serve the citizens of Frisco.

Respectfully submitted,

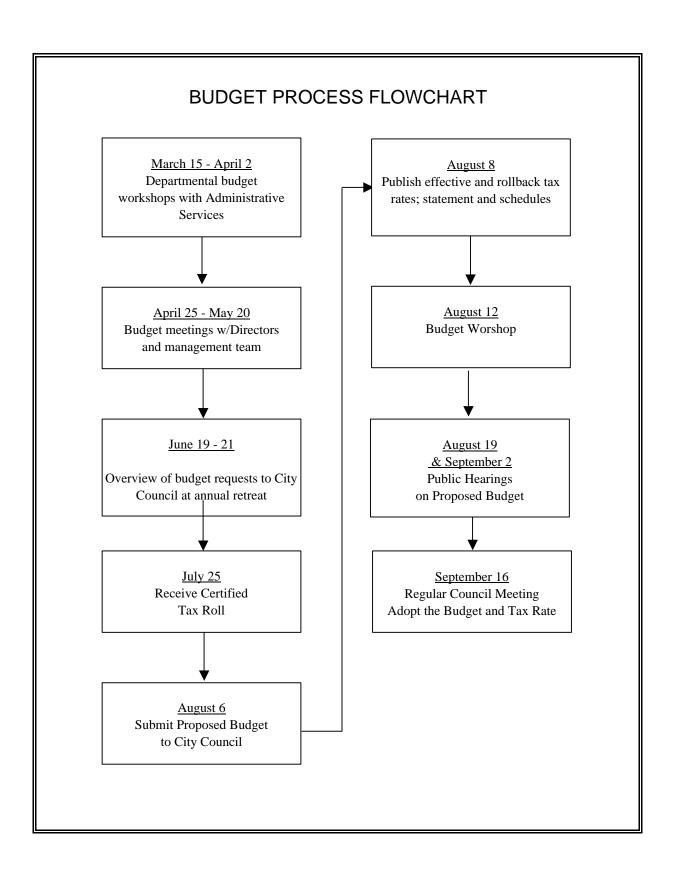

George Purefoy City Manager

# **BUDGET IN BRIEF**

The following pages give a short and concise summary of the total budget picture. The budget process is defined along with a history of the city.

#### **HISTORY**

# History of Frisco Tells of Growth From Rich Soil and Good Farm Land

By Bob Warren, Former Mayor of Frisco and updated by Staff

In February 1902, a town we now know as Frisco, was formed from the fertile black soil of west Collin County's beautiful rolling prairie land. However, to get a true picture of the history of our City, we need to look much further back in time, perhaps to the early 1800's.

At least three vital ingredients were present in the birth of Frisco. An abundance of rich soil made excellent farmland, but two other things were needed, transportation and water. Lets see how these three ingredients worked together to grow the Frisco we know today.

## **Transportation**

As with any successful city, transportation has been key to the development of Frisco. Settlers first came to this area while traveling the Shawnee Trail.

In 1838 the Congress of the Republic of Texas appropriated money for the construction of a north – south road, there by opening northern Texas to trade. The Shawnee Trail from Austin to the Red River was followed for this route. This road, for which our Shawnee Trail Sports complex is named, ran through the heart of what later became the City of Frisco.

A military post near the Red River was named for Captain William C. Preston, a veteran of the Texas Revolution. The Shawnee Trail, which would ultimately become Preston Trail, then Preston Road, was used by wagon trains moving south bringing immigrants to Texas and by cattle drives going north from Austin. The town, Lebanon, then a thriving cattle town and now a part of Frisco served as an assembly point for the cattle drives. South of this area in 1841, John Neely Bryan began the settlement of Dallas.

Next came another mode of transportation, the railroad, which gave birth to Frisco. The origin of railroads in this area began in 1849 in the state of Missouri. The Pacific Railroad Company was granted a charter to build a line from St. Louis to the western boundary of Missouri. Fifty- three years later the line had become a part of the St. Louis, San Francisco Railroad. Men at depot stations along the line soon shortened the name of the line to "Frisco".

#### Water

By 1869 the laying of track, which would become part of the Frisco line, was being completed in Texas. In 1902 one such line was completed from Denison to Carrollton through the center of what is now Frisco. The thirst of the steam locomotive brought the need of watering holes about every twenty to thirty miles. Since water was not as available on the higher ground along Preston Ridge, the Frisco Railroad looked four miles west to lower ground. There they dug a lake called Frisco Lake, on Stewart Creek to provide water, (the second ingredient in our growth story) for the engines.

#### Soil or Land

In 1902, what would eventually become Frisco was a piece of land owned by the Blackland Town Site Company, a subsidiary of the Frisco Railroad. The property was subdivided into lots and sold to potential settlers. The auction, which was held on February 13 and 14, 1902, was advertised up and down the rail lines as far away as Chicago, St. Louis, and Kansas City. The sale also attracted residents and merchants from surrounding communities that had no rail access. Businesses and residents began moving here from Little Elm to the west and from Lebanon, which was seeing fewer and fewer cattle drives.

With the decline of Lebanon, some of the houses were physically moved from Preston Road to what is now downtown Frisco. One was the T.J. Campbell home which was rolled on logs and pulled into Frisco where it now stands, a historical monument, at the corner of Main and Fifth Streets. It has become the home of Randy's Steak House.

The settlement was first called Emerson, named for Francis Emerson, owner of the farm where the town site was located. However, when application was made for a post office under the name "Emerson" the application was refused. There was a town called Emberson in Lamar County, and authorities ruled that the names were too similar.

An existing post office called Eurida was transferred to the new town site from a community only two miles to the northwest. The postmaster, Tom Duncan, came along in the move. For some time the office continued to operate under the name Eurida.

Later, in 1904, the people selected the name "Frisco City" for their town in honor of the railroad that founded the young city. It was soon shortened to Frisco, and the Post Office Department approved the new name.

Frisco became a thriving town, serving as a trade center for the surrounding farming community. It was not until 1908, however, that the residents elected to make their community an incorporated City. On March 27, 1908 the citizens elected their first municipal government which included four alderman, an alderman at large, a town marshal and Dr. I.S. Rogers, the town's first physician and mayor. Dr. Rogers, for which Rogers Elementary is named, served as mayor the first three years of the City's incorporated life.

The census of 1910, Frisco's first, showed a population of 332 pioneers. By the next census in 1920, the count was 733, and the town's population remained near that level through the 1950 census (736).

Quadruple digits were recorded in 1960 when the count showed 1184. Slow but steady growth continued, bringing the total to 3499 in 1980 and 6141 on 1990. The nineties ushered in a "population explosion" bringing an estimated 21,400 people as of January 1, 1997. Today's estimate is closer to 60,000.

Today our three ingredients are still working to build Frisco. With 70 square miles of land (soil) within its boundaries the City is seeing a diversified crop produced. Where wheat, cotton, corn and feed once grew, we see people, houses, businesses, churches, schools, offices, and parks.

Frisco Lake served its purpose as a railroad lake (and a swimming hole), then went the way of the steam locomotive. But water continues to be a key factor in our growth. Once served by water wells, today we have a contract with North Texas Municipal Water District to furnish up to 4.2 billion gallons of water in 2002. In 2001, we consumed as much as 26 million gallons in one day, so the contract provides ample water for the future growth.

Though rail continues to be very important, automobiles and trucks, and how to keep them moving now claim our attention. Frisco is blessed with a toll road and major State and Federal highways, but they all need to be completed or widened, new streets and thoroughfares are being built as fast as practical. Within the next 3 to 5 years an estimated \$150 - 200 million is to be spent on highway, toll road, street and thoroughfare improvements within the City of Frisco.

The once small village of Frisco has reached perhaps adolescence. Its mother, the railroad, hardly recognizes her child. But, what of the future? The City's Master Plan says when the City Develops fully into its 70 square miles, it may house as many as 300,000 people.

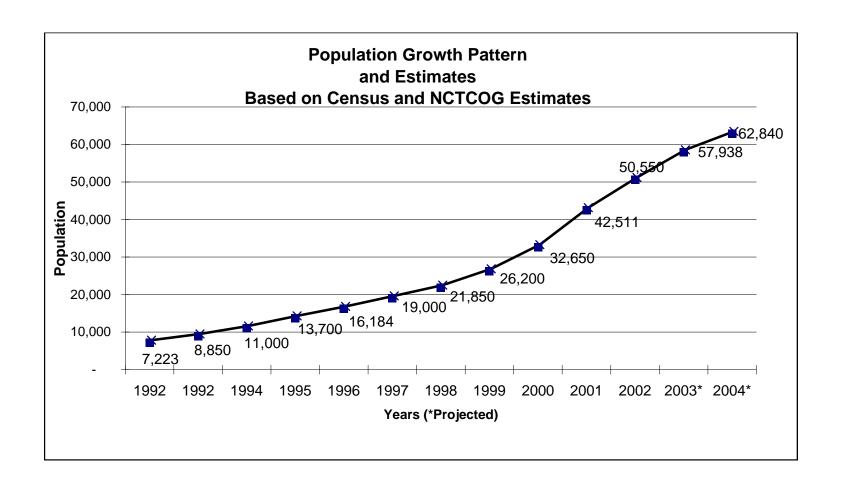

We will be challenged to keep our ingredients in order!

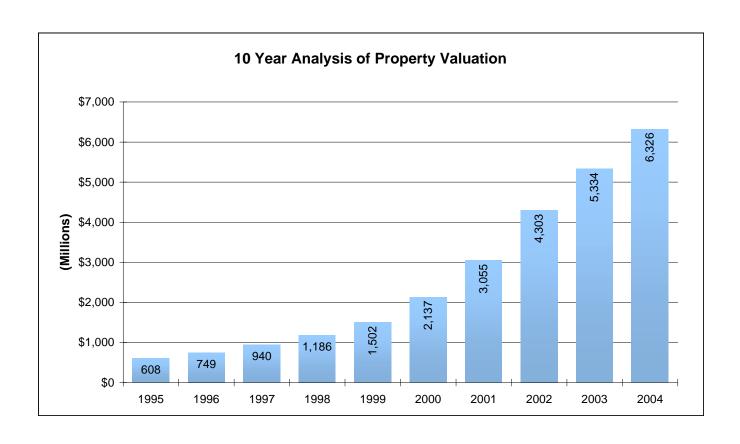

# CITY OF FRISCO COMBINED BUDGET SUMMARY 2003-2004

#### **BUDGET OVERVIEW**

This overview will provide a general synopsis of the City fiscal position. It is designed to appeal to the general public and consists of sections that give brief and clear one page summaries of each of the city's funds and departments. This overview has been separated into sections by fund types.

To aid in the analysis of this information, a brief explanation of our fund structure and the various fund types is available on the next page.

## **FUND SUMMARIES**

The following information provides an analysis of each separate fund including Revenues, Expenditures and Fund Balance. For comparative purposes, the immediately preceding fiscal years' audited figures are illustrated, as well as current-year budget, revised current-year and projected budget for the impending fiscal year.

## **DEPARTMENTAL SUMMARIES**

The pages following the "Fund Summaries" provide analysis of the various departments and divisions of the City. For comparative purposes, the immediately preceding fiscal years' audited figures are illustrated, as well as revised current-year and projected budget for the impending fiscal year.

# **FUND ACCOUNTING**

The accounts of the City of Frisco are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are summarized as follows:

#### **GOVERNMENTAL FUND TYPES:**

General Fund - The General Fund is the operating fund of the City. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. The General Fund records the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds. Activities operating in the General Fund include: Administration, Council, Finance, Fire, Police, Human Resources, Information Technology, Library, Parks and Recreation, Planning, Streets and Building Inspections.

Debt Service Fund - The Debt Service Fund is used to account for accumulation of financial resources for the payment of principal and interest, and related costs on general long-term liabilities paid from taxes levied by the City.

Capital Project Funds - The Capital Project Funds are used to account for the acquisition or construction of capital facilities being financed from General Obligation or Certificate of Obligation Bond proceeds, grants, or transfers from other funds, other than those recorded in Proprietary Funds. The City's General Capital Project funds consist of the following: Facilities Improvements, Fire Improvements, Parks, Public Safety Improvements, Library, and Streets.

Special Revenue Funds - The Tax Increment Reinvestment Zone (TIRZ#1), Hotel/Motel Tax Fund, Special Events Fund, Workforce Housing Fund, Frisco Square Municipal Management District Fund, and the Panther Creek PID Fund are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

#### **PROPRIETARY FUND TYPES:**

Enterprise Funds - The Water and Sewer, Environmental Services, and Superdrome Funds account for the operations of the water and sewer system, the collection and disposal of solid waste, and the joint operation of the veledrome. These services to the general public are funded primarily on a user-charge basis.

# CITY OF FRISCO GENERAL FUND BUDGET SUMMARY FISCAL YEAR 2003-2004

	ACTUAL FY 2001-02	ORIGINAL BUDGET FY 2002-03	REVISED BUDGET FY 2002-03	PROPOSED BUDGET FY 2003-04
Fund Balance, Beginning	\$ 17,765,308	\$ 13,927,898	\$ 16,395,167	\$12,714,176
Receipts:				
Revenues Interfund Transfers	32,218,675	29,705,253 415,000	35,549,942 415,000	33,596,709 665,000
Total Revenue	32,218,675	30,120,253	35,964,942	34,261,709
Funds Available	49,983,983	44,048,151	52,360,109	46,975,885
Deductions:				
Expenditures Capital Outlay	22,121,253 661,847	27,290,312	27,646,922 -	31,203,193
Section 380 Sales Tax Grant Interfund Transfers-Capital Project	2,020,604 8,432,856	2,700,000 4,100,797	2,665,000 9,334,011	3,055,000 2,096,000
Total Deductions	33,236,560	34,091,109	39,645,933	36,354,193
Fund Balance, Ending	16,747,423	9,957,042	12,714,176	10,621,692
Designated Reserves **	352,256	5,952,083	-	936,096
Undesignated Fund Balance, Ending	\$ 16,395,167	\$ 4,004,959	\$ 12,714,176	\$ 9,685,596

The City of Frisco adheres to an informal policy of maintaining a fund balance equal to three to six months of operating expenditures or somewhere in the range of 25 to 50%. The Council also recognizes that many commitments have been made for future infrastructure projects. The Designated Reserves is set aside for future needs that have been identified. At this time the only commitment here is the 3% contingency (\$929,736). Fund Balance will be at 50% of operating expenses and the undesignated fund balance at 47% of operating expenses.

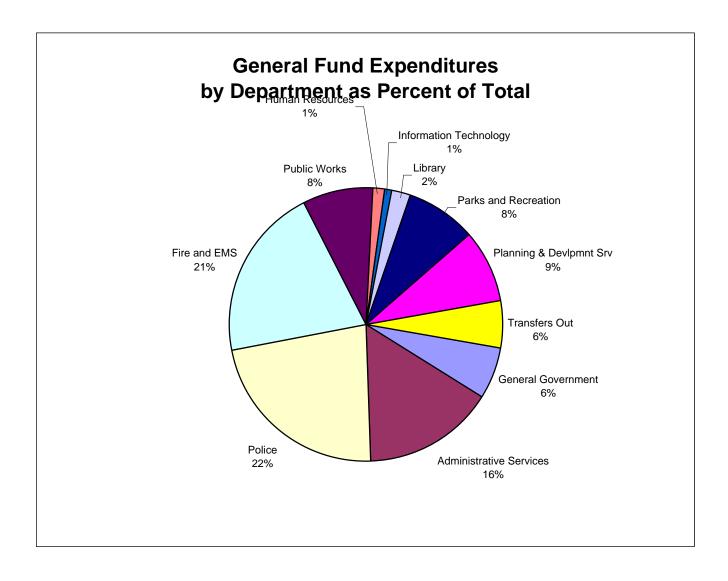

The capital equipment needs for fiscal year 2004 have been funded with excess revenues in fiscal year 2003. The increased transfer out in fiscal year 2003 includes transfers for capital projects and funding for vehicles, machinery and equipment and additional funds needed for infrastructure projects.

## GENERAL GOVERNMENT DEPARTMENT SUMMARY 2003 - 2004

## TWO YEAR COMPARISON REVISED TO PROPOSED

The total budgeted appropriation for fiscal year 2004 of \$2,211,037, represents a 6.5% increase over the revised FY 2003 total. There is one new position proposed for this department, an Administrative Secretary in the City Secretary's Office. There has been one position eliminated (position was vacant), the duties to be disbursed to other staff members. The majority of the increase is in personnel costs, a result of increased benefit costs and positions being filled for only a partial year in FY 03. There are no capital items funded for this department for fiscal year 2004.

Activity		Actual 2001-2002	Revised Budget 2002-2003	Proposed Budget 2003-2004	% Change FY 2003 to FY 2004

#### DEPARTMENT DIVISION/ACTIVITY ACCOUNT

**GENERAL GOVERNMENT** 

#### **PUBLIC INFORMATION OFFICE**

100.10.11

#### MISSION/PURPOSE STATEMENT:

We empower the public by providing information to improve quality of life, promote civic pride and project a progressive image.

#### STRATEGIES:

- Provide informative, interesting, educational, accurate and timely information about city programs, services and special events to citizens, the public and the press using media including website, cable TV, newsletter and press releases.
- Brand "Frisco" as a progressive, innovative, family oriented community.
- Design special events and/or projects that encourage community participation and partnerships while promoting pride and community spirit.
- Foster "Department Development" with the hiring, training of staff -- who will work to improve communication between the City, its citizens, the public and the media by developing policies, procedures to improve overall program.

#### **OBJECTIVES:**

- Website: Facilitate redesign; explore video "streaming"; utilize list serve; compliment efforts to expand e-services
- Cable TV: Produce and/or acquire additional programming; research "user fee" feasibility; install
  equipment to improve broadcast quality; expand service area; improve "emergency management"
  broadcast procedures.
- Newsletter: Produce monthly newsletter, Focal Point; Utilize e-list serve; utilize internal communications team to generate stories, photos and information.
- Media Relations: Distribute releases regularly; expand "contact" list; respond to daily media inquiries; organize press "kits", "conferences", as needed; establish emergency "go kit".
- Special Projects/PR: Establish volunteer program; organize July 4; organize special events (VIP, ground breakings, as requested); Create, establish, develop cross marketing campaign, i.e. video, brochures, website consistent look.
- Department Development: continuing ed. for employees; establish dept. policies, procedures and equip. manuals; encourage membership in "networking" organizations

- Number of broadcast media stories
- Number of print media stories
- Press releases issued to media outlets
- Attendance at City events
- Website hit count

- Staff of this division assist in planning the July 4th Celebration. Budget for this event is in a special revenue fund.
- Funding for web site maintenance is included in this division. The City still contracts this service out at this time.

<u>DEPARTMENT</u>	DIVISION/ACTIVITY	ACCOUNT
GENERAL GOVERNMENT	CITY SECRETARY	100.10.12

To make municipal government information and records more accessible to the public and other departments as is legally allowed.

## STRATEGIES:

- Improve records management throughout the City.
- Insure complete document package for all actions approved by City Council.
- Provide outstanding citizen responsiveness
- Provide appropriate, timely information to Mayor, City Council, and City Manager

#### **OBJECTIVES:**

- Update Records Management Policy for the City.
- Implement and manage a City-Wide Records Management Program, including a Disaster Recovery Plan
- Conduct training on the Records Management Policy of the City, providing education on how to store records by series, to complete transport forms, and to realize the importance of retention schedules.
- Audit records from other departments and those records stored off-site
- Prompt response to public information requests from citizens and intradepartmental requests.
- Ensure that individuals calling the Office of the City Secretary receive an answer to the call rather than voice mail, thus improving communication and customer service.

- Compliance with retention schedules for records
- Percentage of meeting minutes completed within 3 business days
- Update records management policy for city by end of 2<sup>nd</sup> Qtr.
- . Complete training of all departments on Records Management policy by end of fiscal year
- Implementation of revisions to Records Management and Public Information Policy by end of fiscal year

## ADMINISTRATIVE SERVICES SUMMARY 2003 - 2004

## TWO YEAR COMPARISON REVISED TO PROPOSED

Total expenditures increased 11.1% over revised, largely due to the sales tax grants and the increase costs of benefits. There is one new position in this department. The 15.7% decrease in Support Services is due to a change in general liability insurance providers. The 32.6% increase in Municipal Court is due to increased cost of contract labor for judges and prosecutors. The increase of 69% in the Administration division is the new budget analyst position and a vacancy in fiscal year 2003.

<u>DEPARTMENT</u>	DIVISION/ACTIVITY	<u>ACCOUNT</u>
ADMINISTRATIVE SERVICES	ADMINISTRATION	100.20.10

Administrative Services will strive to optimally manage the City's finances through financial management (in accordance with generally accepted accounting principles), budgetary control, purchasing, revenue collections, building maintenance, and municipal court functions and and will provide accurate and timely financial services for the citizenry and staff.

#### STRATEGIES:

- Provide council and management with accurate, objective and timely information.
- Improve the administrative computer software systems.
- Improve communications with city departments and the citizenry.
- Provide staff members with training necessary to perform their duties and tasks.

#### **OBJECTIVES:**

- Prepare a cost of service study to review program costs to revenue collections.
- Prepare a multi-year financial plan.
- Prepare a utility rate study to use as a model to determine water, sewer & sanitation rates.
- Define software system needs and formulate a plan to implement new systems.
- Complete policies and procedures manual and conduct workshops to train city staff.
- Develop division specific training plans.

- Engage consultants to complete a cost of services study by May, 2004.
- Preparation of a multi-year financial plan prior to budget cycle 2005.
- Complete a rate study by December, 2003.
- Begin Phase I of software procurement and implementation by April, 2004.
- Complete the policies and procedures manual by November, 2003.
- Implement training for new department personnel by December, 2003.
- Develop monthly financial indicators for quick reference to be shown on the website by January, 2004.

- The decrease in fiscal year 2003 is due to a vacancy in the Administrative Assistant position.
- Addition of a Budget Analyst is proposed for fiscal year 2004 to assist in the preparation of the annual budget and monthly analysis of expenditures and revenues. This person will provide assistance to the departments in closely monitoring monthly expenditures and will be a valuable member of the team in monitoring the CIP projects.

<u>DEPARTMENT</u>	<b>DIVISION/ACTIVITY</b>	ACCOUNT
ADMINISTRATIVE SERVICES	PURCHASING	100.20.20

Purchasing Services provides timely acquisition of supplies, equipment and services for all departments at the optimal balance of cost, quantity, and quality, within all applicable legal constraints.

#### STRATEGIES:

- Provide all customers (internal and external) with quality service delivery.
- Continue to bring many of the decentralized processes into the purchasing office to streamline purchases, consolidate purchases and eliminate duplication of efforts.
- Provide city departments with on-line purchasing policies and procedures.
- Provide departmental staff members with training.
- Provide council and management with accurate and timely information.
- Ensure that city assets are disposed of properly as required by law.

#### **OBJECTIVES:**

- Improve turn around time for issuance of Purchase Orders.
- Develop a training plan and provide funding for training for Purchasing staff.
- Conduct more formal training for departmental staff to educate on procurement policies, procedures, and legal requirements.
- Contract with company to provide on-line auctions for disposal of salvage and surplus assets.

- Strive to maintain a three day turn-around on standard orders and a seven day turn-around on those orders requiring quotes.
- Continue schedule of training city staff on proper purchasing procedures.
- Provide purchasing policies on-line through the datawarehouse by November, 2003.
- Complete a city auction by February, 2004, either participating with another local government or through on-line efforts with a local vendor.

## ADMINISTRATIVE SERVICES

**FINANCE** 

100.20.21

#### MISSION/PURPOSE STATEMENT:

To prudently manage and monitor the city's finances and to provide timely and accurate financial information in a courteous manner to the citizens, council, and staff.

#### STRATEGIES:

- · Provide all customers with quality service.
- Provide real-time detail financial information through data warehousing.
- Provide city departments with on-line financial policies and procedures.
- Provide finance staff members with training necessary to perform their duties and tasks.
- Provide council and management with accurate, objective and timely information.

#### **OBJECTIVES:**

- Ensure prompt payments to city vendors & employees as required by state & federal laws.
- Download financial information daily to data warehouse.
- Complete physical inventory audits, implement monthly reconciliation, & provide on-line lookup.
- Complete policies and procedures manual, conduct workshops and provide on-line lookup.
- Implement a regularly scheduled meeting with departments for monthly analysis of financial information.
- Prepare the FY 03 CAFR in compliance with GASB 34 reporting requirements.

- Maintain a 99% ratio of vendors paid within the thirty day state required prompt payment mandate.
- Complete a citywide physical inventory audit annually.
- Implement on-line access, through data warehouse, to department asset listing by March, 2004.
- Assist in finalizing procedures manual and providing departmental access through the data warehouse by November, 2003.
- Complete the Fiscal Year 2003 CAFR by February 2004, in compliance with the GASB 34 reporting model requirements.
- Implement scheduled monthly meetings with departmental personnel for financial analysis by January, 2004.

ADMINISTRATIVE SERVICES	MUNICIPAL COURT	100,20,23

Municipal court provides the public with prompt, courteous assistance in resolving and processing all complaints, citations, and arrest reports involving violations of city ordinances and/or state laws within the City Frisco.

#### STRATEGIES:

- Provide customers with quality service.
- Review operational issues to improve response times to customers.
- Define administrative system requirements to eliminate duplicate work processes.
- Provide staff members with training necessary to perform their duties and tasks.

#### **OBJECTIVES:**

- Increase number of day courts.
- Analyze needs for a full-time judge.
- Review credit card acceptance to improve cash management.
- Review data sharing capabilities with the police department to eliminate duplicate data entry.
- Provide accurate and up to date information.

- Increase day courts to eight per month by January, 2004.
- Prepare needs assessment for a full time judge for 2005 budget cycle.
- Research and recommend program for credit card acceptance by March, 2004.
- Recommend upgrade to court system or need for new software by December, 2004.
- Maintain court schedule to ensure defendants receive a court date within 45 days of ticket date.
- Ensure tickets are entered in computer system within 48 hours.

POLICE	POLICE ADMINISTRATION	100.30.10

The mission of the Frisco Police Department is to maintain and improve community livability by working with all citizens to preserve life, maintain human rights, protect property, and promote individual responsibility and community commitment.

#### STRATEGIES:

- Provide the highest level of quality of service, integrity, and professionalism.
- Identify and implement approaches for addressing crime and fear of crime that can more effectively reduce both reported and non-reported crime of all types.
- Utilizing a combination of motor vehicle accident analysis, community input, and enforcement, to work
  proactively to prevent injury or death and to facilitate the mobility of citizens in order to enhance the
  safety and livability of the City of Frisco.
- Create a more involved, responsible community by building stronger community partnerships, providing more open and responsive communications, and delivering programs that promote involvement in problem solving and crime prevention.
- Develop all personnel by implementing training, management, organizational approaches, and
  personnel policies and practices that are consistent with the mission and values of community
  policing. Ensure work environments are supportive of innovation, personal accountability, and team
  contributions.

#### **OBJECTIVES:**

- · Enhance customer training skills.
- Enhance department's capabilities to address any significant events we may confront.
- Develop and implement a physical fitness/wellness program.
- Ensure adequate staffing levels to meet service expectations.
- Seek additional alternative funding sources.

- Customer feedback
- Progress toward accreditation
- · Amount of alternate funding

# PUBLIC WORKS DEPARTMENT SUMMARY 2003 - 2004

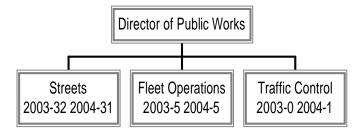

## TWO YEAR COMPARISON REVISED TO PROPOSED

Overall expenditures increased 7.8% over the fiscal year 2003 revised budget. There were no new positions added for the department. Due to the increase in the number of traffic signals throughout the City, a Traffic Control Division was established to monitor and facilitate a timely response to traffic issues. Funding for capital equipment was transferred to the Capital Projects Fund and includes school zone flashers, LED signals, enhancements to current street signs and markings, including radar speed boards and illuminated street signs.

#### **Expenditure Summary**

<u>DEPARTMENT</u> <u>DIVISION/ACTIVITY</u> <u>ACCOUNT</u>

PUBLIC WORKS TRAFFIC 100.40.47

#### MISSION/PURPOSE STATEMENT:

Ensure and enhance the safety of all pedestrians and motorists through compliance with Texas Manual of Uniform Traffic Control Devices (MUTCD).

#### STRATEGIES:

- Upgrade existing street signs by subdivision for appearance.
- Upgrade signal bulbs with LED type for visibility and safety.
- Increase knowledge of signal technicians through training.
- Upgrade signalized intersections from loop to camera detection.
- Maintain/improve response time to traffic control related issues.
- Maintain all school zone signs and markings.

#### **OBJECTIVES:**

- Change out older existing street name blades to conform to MUTCD guidelines and to increase legibility as well as appearance.
- Increase signal head visibility, save money, and decrease maintenance hours related to bulb burn out and replacement.
- Increase operational excellence of traffic signals at the same time minimizing delays and down time due to traditional loop detection systems.
- Meet all uniform traffic control device standards while performing routine and emergency maintenance.
- Ensure all traffic control devices are properly installed and maintained within school zones and crosswalks.

- Replace approximately 250 street name signs per fiscal year depending on budgeted monies.
- Replace approximately 50 incandescent bulbs to LEDs in the fiscal year of 2003-2004.
- Enroll senior signal technician in advanced signal cabinet troubleshooting course in Feb. 2004 with goals of attaining higher certification.
- Respond to traffic signal problems within 30 minutes.
  - o Install temporary stop signs within 2 hours of request
  - Replacement of permanent stop signs and other regulatory signs within 24 hours
- Install all school zone flashers and markings prior to the beginning and or opening of any new school or school related facilities.

#### MISSION/PURPOSE STATEMENT:

To set the standard among public sector employers in which every worker is a valued and respected team member. Human Resources will work to maintain the City's competitiveness in the market by establishing policies, benefits, and an environment that will attract, develop, and retain the best-qualified employees.

#### **STRATEGIES:**

- Provide Human Resource services and advice to city departments and applicants.
- · Recruit and retain skilled and efficient workforce
- Work to maintain Frisco's competitiveness as an employer in the marketplace through salary, benefits, training and development.

#### **OBJECTIVES:**

- Enhance Communication with Managers and Employees
- Improve Recruitment Process
- Serve as a resource for assistance for employees and managers
- Implement orientation and training for all City employees
- Develop and maintain City-wide policies and procedures
- Provide training, resources and support to managers performing HR functions within departments such as selection and discipline
- Develop tracking and measuring processes that illustrate cost of on-the-job injuries
- Work with departments to develop safety policies

- Training hours per employee
- New employee orientation implemented by 2<sup>nd</sup> qtr of fiscal year
- Turnover rate
- Total cost of on-the-job injuries
- Policy Handbook published by 1<sup>st</sup> Qtr

## LIBRARY 2003 - 2004

## TWO YEAR COMPARISON REVISED TO PROPOSED

The total overall departmental budget is down approximately 6%, due to the Technology Infrastructure Fund (TIF) grant being included in the fiscal year 2003 revised budget. The Library Operations division is increased by approximately 27.3%. The increase in personnel costs is largely due to three new positions funded in fiscal year 2003 for only three months. The full effect of those positions is being seen in fiscal year 2004. Funding for capital purchases has been transferred to the Capital Projects Fund and includes \$188,041 for books and \$35,000 for the second year of a software lease purchase.

DEPARTMENTDIVISION/ACTIVITYACCOUNTLIBRARYLIBRARY100.70.10

#### MISSION/PURPOSE STATEMENT:

Inspire intellect, imagination, and curiosity.

#### STRATEGIES:

- Achieve innovation and excellence in information, reference, referral and knowledge navigation.
- Improve customer convenience by targeting and addressing their desires/needs
- Focus on and cultivate library usage by the youth of Frisco.
- Strive for effective and efficient processes.
- Identify and pursue revenue savings while enhancing service.
- Identify and pursue revenue streams.
- Help the Council achieve its goal of making the city a premier destination location.
- Improve staffing development

#### **OBJECTIVES:**

- Integrate the library's move to its Interim location and its use of a new automation product.
- Activate Teen Advisory Board to help plan for future services to teens in Frisco
- Sustain our focus on children age 7-12
- Sustain our focus on young children 6 and under.
- Extend the library's web presence.
- Provide timely and meaningful resources
- Complete the move to Radio Frequency Identification to minimize future staff costs.
- Enable the Library Foundation to be successful in fund raising.
- Restore the library's accreditation with the State of Texas
- Continue to explore partnerships with businesses and other departments

- Compared to FY '03, in FY '04:
  - o Twice as many citizens will visit the library.
  - O Three times as many citizens will visit the library's Web page for current information.
  - o Twice as many citizens will be trained to use the power of computing and the Internet
- Citizens will rank library resources as among the most important in the region.
- The library will sustain its 600% growth in the Summer Reading Program.
- Library will add two programs to serve adults by end of 3<sup>rd</sup> Qtr.
- The library foundation will announce two major gifts this year.

#### **KEY POINTS OF PROPOSED BUDGETS:**

■ This TIF grant was a joint effort between the City of Frisco and the Melissa Independent School District to update the Technology available to the citizens. The grant expired in September 2003. Those costs in 2004 are wrapping up the project.

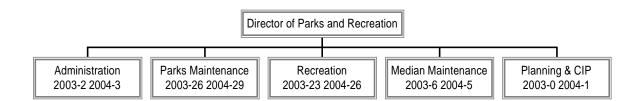

# PARKS AND RECREATION DEPARTMENT SUMMARY 2003 - 2004

## TWO YEAR COMPARISON REVISED TO PROPOSED

Overall expenditures increased 14.4% over the revised fiscal year 2003 budget. Staffing levels increased by 12% while total staff funding increased by 28.23%, due in most part to an increase in benefits costs. A Planning and Capital Projects Division was established to continue long range planning for the Parks and Recreation Department. Funding for capital equipment was transferred to the Capital Projects Fund and includes vehicles, mowers, and field equipment and additional funding for continuation of the median development program.

# PLANNING AND CAPITAL PROJECTS

100.75.78

#### MISSION/PURPOSE STATEMENT:

"Enriching lives through recreational opportunities and aesthetically pleasing environments." The Planning and Capital Projects Division provides for the long range planning for the Parks and Recreation system, including the acquisition and development of parks, open spaces and trail systems within the community.

#### STRATEGIES:

- Forecast for Division's future growth
- Create alternative funding opportunities
- Increase Environmentally Friendly Programs and Operations
- Promote Community Involvement

#### **OBJECTIVES:**

- Implement Sustainable Design to reduce operating expenditures
- Follow Long Range Capital Improvement Plan with cash flow analysis and Critical Path for Project Completion
- Create additional revenue generation opportunities with Public/Public; Public/Private; and Public/Non-Profit organizations
- Seek Grant Opportunities
- Continue involvement in the "Tree City USA" program
- Develop partnership opportunities with volunteer groups

- Implement sustainable design criteria by June 2004.
- Submit Long Range Capital Improvement Plan to the Parks and Recreation Board and the FCDC semiannually
- Revenue generated through development of partnerships by and between Public/Public; Public/Non-Profit; and Public/Private organizations.
- Prepare at least three different grant applications by September 2004
- Develop two volunteer projects by September 2004

PLANNING & DEVELOPMENT SERVICES	PLANNING	100.90.10

#### **MISSION/PURPOSE STATEMENT:**

The Department is committed to creating a high quality sustainable community for citizens and businesses.

#### STRATEGIES:

- Have a development process that is efficient and predictable for the customer.
- · Pursuit of excellence in meeting the needs of our customers.
- Cultivate employee development and empowerment.
- Pursuit of excellence in development of the City.

#### **OBJECTIVES:**

- Document development process.
- Review the development process for efficiency
- Improve customer service delivery.
- Encourage the professional development of employees.
- Foster the empowerment of employees.
- Improve the quality of the physical environment within the City while promoting sustainable developments.

- Survey data from customer groups.
- Adherence to developed customer service standards.
- Manager's report card.
- Performance standards for projects.
- Provide for specific needs of our "walk-in, call-in and internet" customers.

Total Deductions	18,525,778	18,520,641	19,045,450	20,946,599

The Utility Fund includes the following services; GIS, utility billing, water distribution, wastewater collection, construction inspection and engineering. The growth experienced by the City is seen in the 17% increase in operating expenses. Additionally, \$25,000,000 in debt was sold in fiscal year 2003, thereby increasing the principal and interest amount for fiscal year 2004.

\$13,557,327

\$15,234,179

\$17,797,641

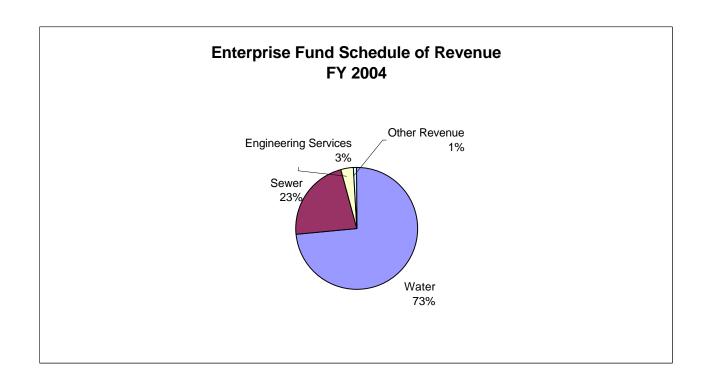

\$13,014,218

Working Capital, Ending

The City adheres to an informal policy of maintaining a 3 to 6 month working capital reserve. The projected ending balance for FY 2004 exceeds our goal. The City has been able to maintain the working capital reserve and fund a substantial portion of the infrastructure improvements from working capital. A consulting firm has been engaged to perform a rate analysis. This study should be complete in the fall of 2003. A decision about any needed rate adjustments will be made at that time. Additionally, there are capital projects, which are unfunded at this time that could be moved up in the construction timeline and funded from working capital.

INFORMATION TECHNOLOGY

**GEOGRAPHIC INFO SYSTEMS** 

600.60.14

#### MISSION/PURPOSE STATEMENT:

The Geographic Information Systems (GIS) division is committed to providing a system of tools, processes, and support for asset management and work flow programs employing a team of people dedicated to professional excellence in GIS, data management, integration and implementation. We strive to facilitate information integration among departments and plan efficient infrastructure maintenance management strategies.

#### STRATEGIES:

- Provide current and accurate GIS data to city departments.
- Enable greater efficiency in managing citizen queries and the city's assets.
- Ensure the public, employees, and especially public safety have accurate and current street addresses.
- Provide support for database applications used through out the city.

#### **OBJECTIVES:**

- New information for plats shall be added to the GIS as development occurs and the data is field verified.
- As a result of the implementation, the system is to be set up specifically for the efficient operation for our city's operations and staff is trained to utilize it.
- Maintain reliable street address database and distribute the data appropriately.
- Convert all GIS to SQL Server database and design the data structure for maximum efficiency.
- Provide modeling tools to the respective departments for day-to-day operations, planning, and asset management in accordance with the intent of GASB-34.
- Monitor the functionality of the system; ensure availability to the users, answer questions, trouble shoot and assist in continued development of the applications.
- Develop a GIS user application to view SQL Server GIS data.
- Implement and support Call Center and CityWorks.
- Implement a GIS user application to view SQL Server GIS data.

- Update the GIS data and field verification of new developments within one month of acceptance.
- Prior to issuing building permits, new plats are to receive street addresses and that information is to be distributed.
- All GIS data should be modeled into a geodatabase in SDE/SQL Server by the end of FY 04.

- Funds are identified for an Applications Administrator to superintend and support existing legacy systems and to manage data integration projects.
- Capital funds are identified for a Planimetrics system; the City will participate with NCTCOG to upgrade the capabilities of the GIS system to include the footprints of buildings.
- Additionally, funds are provided for the semi-annual update of the Orthography.

### ADMINISTRATIVE SERVICES U7

UTILITY BILLING

600.20.26

#### MISSION/PURPOSE STATEMENT:

The Utility Billing division strives to ensure accuracy and efficiency in the collection and assessment of user charges, maintain professional and responsive service, answer inquiries from customers and provide accurate and timely billing through progressive and innovative systems, while ensuring a positive attitude toward City Hall by newcomers, visitors and residents through a pleasant experience whether it be by phone or in person.

#### STRATEGIES:

- Provide customers with quality service.
- Refine and Enhance cash management alternatives.
- Provide staff members with training necessary to perform their duties and tasks.

### **OBJECTIVES:**

- Review credit card acceptance and on-line payment options for customers.
- Provide for off-site drop boxes for citizens to pay utility bills.
- Implement a training schedule for CSR's to learn the computer system functions.
- Ensure regular analysis of aged accounts receivable and aggressive collection of past due accounts.
- Strive to reduce lost water ratio.

- Implement credit card program and on-line payment option by February, 2004.
- Provide alternative options for Citizens to pay utility bill by March, 2004.
- Implement cross training to ensure complete coverage of all functions by December, 2003.
- Maintain bad debt ratio of 1% or less.
- Continue analysis of monthly water usage to reduce lost water to 15% or less.
- Maintain 99% accuracy in monthly billings.

# PUBLIC WORKS DEPARTMENT SUMMARY 2003 - 2004

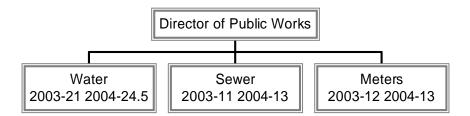

# TWO YEAR COMPARISON REVISED TO PROPOSED

The overall expenses for FY 2004 represent a 17% increase over the revised FY 2003 budget, the majority of that increase coming from the increased water purchases and capital costs for meter infrastructure. There are a total of seven new positions, which represents a 16% increase in personnel. Capital purchases which represent 14% of the total appropriation, are 51% higher than the revised amount for FY 2003. This increase is funding for increased meter installation and

PUBLIC WORKS	WATER	600.40.42

#### **MISSION/PURPOSE STATEMENT:**

The purpose of the Water Division is the delivery of safe drinking water to our consumers at adequate pressure, in ample quantities, and with proper disinfections. ROW inspection exists to protect city-owned infrastructure and manage the location of franchise utilities.

#### STRATEGIES:

- Update water system files and data retrieval capability.
- Provide additional water capacity and improved distribution
- Provide a more pressure balanced water system to West Frisco
- Implement program for citizen awareness
- Better water system control
- Maximize available employee resources
- Improve internal and external communications with development services

#### **OBJECTIVES:**

- Incorporate GIS program for Water and Sewer line identification purposes
- Develop plans for an additional ground storage tank/pump station
- Install three pressure-reducing valves along Toll Road
- Raise customer awareness to water conservation
- Develop plans for an additional elevated storage for west Frisco
- Complete the EPA vulnerability assessment report
- Monitor bi-weekly Overtime expense
- Improved coordination with other City departments in development process

- Maintain water system pressure between 50-100 PSI
- Progress enabling West side water system being operational by July '05
- Implement initial water conservation program by 4<sup>th</sup> Qtr.
- EPA vulnerability assessment report complete by June '04
- Overtime cost
- Percentage of water leaks repaired within 48 hrs.

- The continuation of an annual program to retrofit existing water meters with radio transmitters. Approximately 250 meters per month are being converted.
- Capital funding for two additional radio receiver units to be installed in meter-reading vehicles is included in the FY 2004 budget
- Funding for one new maintenance worker is provided for fiscal year 2004 to ensure the continued schedule of retrofitting the older meters.

# ENGINEERING SERVICES DEPARTMENT SUMMARY 2003-2004

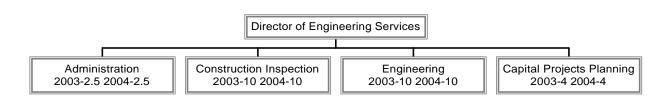

# TWO YEAR COMPARISON REVISED TO PROPOSED

The overall increase for this department is 19.26% over the revised FY 2003 appropriation. The only change in personnel was the upgrade of a student intern position to an engineer position. The majority of the increase for fiscal year 2004 is due to the increased cost of benefits for personnel and the length of vacancies in fiscal year 2003.

# **Expenditure Summary**

ENGINEERING SERVICES	ADMINISTRATION	600.80.10	

# MISSION/PURPOSE STATEMENT:

The Engineering Services Department provides for the health, safety and welfare of the citizens through professionally overseeing the planning, design, and construction of public improvements that will be safe, efficient and economical to maintain.

#### STRATEGIES:

- Develop, maintain, and implement engineering standards, specifications, and details.
- Continue to develop safe and efficient transportation facilities.
- Effectively manage Capital Improvement Projects from conception to construction.
- Continue to improve internal processes, communications and functions.

#### **OBJECTIVES:**

- Communicate requirements, policies, practices and standards to the development community.
- Ensure efficient and accurate plan review.
- Promote school safety.
- Collect and maintain current and accurate traffic data.
- Develop Transcadd modeling for the City's traffic flow.
- Be receptive and responsive to the citizens of Frisco.
- Develop protocols for project management including scope of services, design review, bid process and prepare quality bid documents and construction management.
- Further research and prepare storm water utility.
- Develop Erosion control manual.
- Ensure that erosion control plan is followed and maintained during construction.
- Expand the internal knowledge base of department.
- Expand the external knowledge of department's polices, procedures, and projects.
- Increase efficiency and accuracy of the department.
- Obtain external funding for capital improvements

- Produce CIP consolidated project book by end of 1<sup>st</sup> Qtr.
- Standardized CIP project communication to citizens by 3<sup>rd</sup> Qtr.
- Plan review turnaround time.
- Traffic counts and travel time studies.

ENGINEERING SERVICES ENGINEERING 600.80.88

#### MISSION/PURPOSE STATEMENT:

The mission of the Engineering division is to provide assistance and guidance for the development of the City of Frisco. These responsibilities include management of capital improvement projects (CIP) and engineering review of all developments in the City of Frisco.

### STRATEGIES:

- Develop, maintain, and implement engineering standards, specifications, and details.
- Continue to develop safe and efficient transportation facilities.
- Effectively manage Capital Improvement Projects from conception to construction.
- Monitor and assure adherence to EPA Phase II storm water requirements.
- Continue to improve internal processes, communications and functions.

### **OBJECTIVES:**

- Communicate requirements, policies, practices and standards to the development community.
- Ensure efficient and accurate plan review.
- Be receptive and responsive to the citizens of Frisco.
- Develop protocols for project management including scope of services, design review, bid process and prepare quality bid documents and construction management.
- Further research and prepare storm water utility.
- Develop Erosion control manual.
- Ensure that erosion control plan is followed and maintained during construction.
- Expand the internal knowledge base of department.
- Expand the external knowledge of department's polices, procedures, and projects.
- Publish guideline for the procedures for engineering submissions.

#### **MEASURES:**

- Provide annual update of design manual.
- · Publish procedures for engineering submissions by end of year.
- Publish drainage guidelines by end of 2<sup>nd</sup> Qtr.
- Present storm water utility to Council for consideration by end of 2<sup>nd</sup> Qtr.

The Superdrome is a partnership between the Collin County Community College District and the City of Frisco. The facility was built by the City on land owned by the College. Both entities share in funding of the operational cost. The facility, as of April 2003, is being leased to the Frisco Cycling Club. The only expense, in fiscal year 2004, is the payment to the Cycling Club for operating the facility.

The City issued debt for the construction of the facility in 1997. This debt is funded from the TIRZ #1 Fund. The debt schedules are provided in the debt service section of this budget.

services of the City. Revenues and expenses were accounted for in the water and sewer fund prior to FY 02. Working capital is projected at \$264,661 for 9/30/03 and at \$1,383 for the year ending 9/30/04. The City is currently in the process of preparing a rate study to ensure the recovery of all costs. A rate increase, if indicated, will be initiated in January, 2004. Any potential increase in revenues due to a rate adjustment have not been forcast for fiscal year 2004.

The Environmental Services staff provide education to the public on disposal of hazardous waste and other environmental issues. Staff actively seeks grants from the North Central Texas Council of Governments to enhance our service delivery to the public.

<u>DEPARTMENT</u>	DIVISION/ACTIVITY	ACCOUNT
PUBLIC WORKS	ENVIRONMENTAL SERVICES	660.40.45

### MISSION/PURPOSE:

To be dedicated, environmentally responsible stewards of our Community and the Earth. To sustain and improve the quality of life of all who call Frisco their home and to safeguard our natural resources for present and future generations.

#### STRATEGIES:

- Provide solid waste management services for collection and disposable in an efficient and environmentally sound manner
- Develop and expand opportunities for diversion of material from landfill.
- Improve public information and awareness regarding environmental programs.
- Provide incentives to promote City's recycling/waste reduction efforts.

#### **OBJECTIVES:**

- Meet or exceed local/regional/state/national environmental requirements.
- Timely and complete pickup of recycling, trash and yard waste.
- Expand commercial recycling opportunities.
- Expand grant funding and partnerships.
- Research and evaluate revenue raising programs.
- Increase public participation and community involvement.

#### **MEASURES:**

- Residential recycling set-outs per month.
- Percentage of total tons recycled (yard waste, cardboard and curbside).
- Number of complaints.
- Establish volunteer program by end of year.
- Number of volunteer hours and resulting cost savings to city (litter control)

<u>DEPARTMENT</u>	DIVISIO	ON/ACTIVITY		<u>ACCOUNT</u>

Maintenance Worker		2	2	2
TOTAL		4	5	5.5

### **KEY POINTS OF PROPOSED BUDGETS:**

- The operational cost includes contracts for collection, recycling and landfill disposal. The contract for collection will expire next year; the city anticipates going through a bid process to ensure the best price for providing this service.
- Funding provided for one half cost of Education Coordinator to assist in public information programs to encourage recycling.
- The City is a member city in the North Texas Municipal Water District, which provides the landfill for disposal of solidwaste. The City's percentage of the total landfill cost is expected to increase to 19%.
- Capital costs include the possible expansion of the current collection site for recycling materials.

The Tax Increment Reinvestment Zone #1 (TIRZ) was created in 1997 to encourage development along the State Highway 121 corridor. Since it's creation, the captured value has increased to \$505,203,897 for fiscal year 2003. Collin County, the Collin County Community College District and Frisco Independent School District (FISD), all participate with the City in the TIRZ. Taxes generated from the captured value are restricted to funding improvements in the TIRZ #1.

The designated reserves are Collin County and CCCCD project contributions. The designated appropriation in FY 2003 is the projected funding needed for the Sports Complex; \$1,648,437 from the City and \$170,000 from the FISD.

The Hotel/Motel Fund was established in FY 2000 as a Special Revenue Fund to account for the hotel-motel occupancy tax.

The occupancy tax is a 7% surcharge on hotel-motel room charges. State law appropriates 1% of the 7% for Tourism and the 6% for convention centers, art enhancements, and historical restoration and preservation. The City currently has three hotels; the Westin with 301 rooms, the Holiday Inn with 82 rooms and the Hampton Inn with 105 rooms available. The addition of an Embassy Suites is anticipated for early 2005 with an expected 350 rooms.

These funds are restricted by state law as to the type of appropriations that can be made. The major expenditures in FY 2004 are \$300,000 for the Sports Complex and \$876,620 for the Convention Center. \$30,000 is allocated to the July 4th celebration out of the Tourism appropriation. Additionally, the tourism appropriation has funding allocated to the proposed Convention/Visitors Bureau operations. Fiscal year 2004 also includes a \$50,000 contribution to the Frisco Arts Programs.

The Special Events Fund was established in FY 2003 as a way to track and account for the contributions received for special events or other specifically designated purposes. The revenues and expenditures for the annual July 4th celebration are being funded here. There is a proposed transfer from the Hotel/Motel Fund to promote the 4th of July celebration. The City anticipates that support from the Hotel/Motel Fund for this event will decrease over the next few years.

The Workforce Housing Trust Fund was established in FY 2003 as a Special Revenue Fund to account for the Workforce Housing Program. The purpose is to improve the quality and quantity of housing opportunities for workforce families through housing and economic development programs designed and implemented by the Housing Trust Fund Board and approved by the Frisco City Council.

The initial funding for this program was a transfer from the General Fund. This money will now be used as matching funds to obtain grant dollars and other contributions. Any repayment of loans, etc. will be retained in this fund to ensure the continuation of the program.

The Frisco Square Municipal Management District Fund was established in FY 2003 as a Special Revenue Fund to account for the transactions of the Management District. This entity, created in 1999, has the power to tax or assess property owners. It is goverened by a five person board, which consists of the developer and four city council members. The Frisco Square MMD does not currently assess property owners. Contributions in this fund are being made by the developer, Five Star.

The Panther Creek Estates Public Improvement District (PID) was established in FY 2003 as a Special Revenue Fund. In June 2003, \$2,667,670 in Certificates of Obligation bonds were sold to fund park infrastructure within the PID. An ordinance levying an assessment on the property owners was passed in June 2003. The assessment is being calculated on a per lot basis. The assessment per lot is \$2,497.82. If a property owner chooses to make payments as opposed to paying the assessment up front, the schedule for repayment of the debt is 20 years at approximately \$191.40 per year.

The Debt Service Fund is maintained to record the appropriate portion of the tax rate as levied for the interest and sinking reserve for related City debt. The tax rate ratio of Maintenance and Operations to Interest and Sinking is .523/.477 for FY 2004. The tax rate of \$0.432 is split \$0.225954 for Maintenance and Operations and \$0.206046 for the Debt Service Fund.

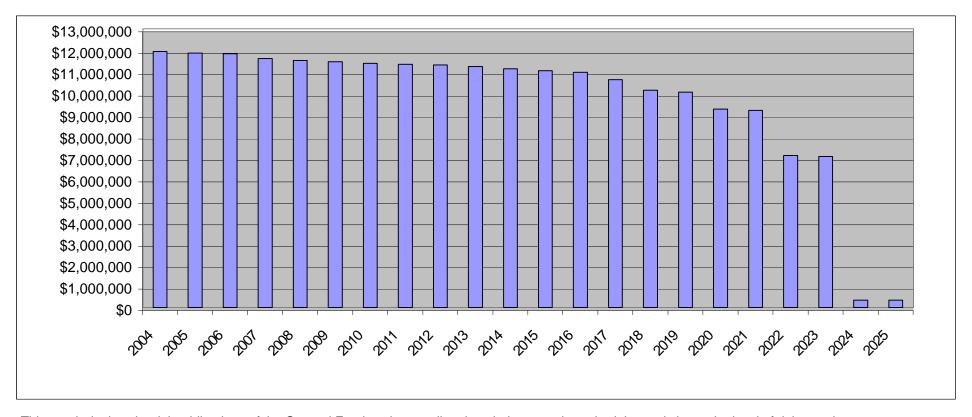

The Citiznes of Frisco approved a \$197,500,000 bond package in September 2002. The City issued \$96,500,000 in General Obligation bonds in June 2003. The remaining GO debt is planned for issuance in two phases, one sale in FY 2005 and one in FY 2007. In addition, the City issued \$117,235,000 in Certificates of Obligation debt, which is all considered self-supporting for the Soccer Complex, the Convention Center and various other projects. Details can be found in the Capital Projects Schedule of Projects.

### General Obligation and Certificates of Obligation Composition of Debt Service By Funding Source 2003-2004

This graph depicts the total debt obligations of the City, by funding source, as they are listed on their respective schedules and shows the level of debt requirements through the year 2025.

# General Obligation and Certificates of Obligation Debt Service Supported by Ad Valorem Taxes 2003-2004

This graph depicts the debt obligations of the General Fund as they are listed on their respective schedules and shows the level of debt requirements through the year 2025.

Fund Balance, Ending	\$65,569,690	<u>\$ 1,257,313</u>	\$ 190,933,214	\$ 262.183

The City of Frisco sold \$95,500,000 of General Obligation bonds in June 2003. This was the first sale from the voter authorized bonds in the September 2002 election. The City anticipates two more sales from this authorization in 2005 and 2007 respectively.

Reimbursements in FY 2004 include: \$1,420,000 from North Central Texas Council of Governments, \$250,000 from the FISD. The transfers-in include \$2,096,000 from General Fund, \$465,000 from the Hotel/Moel Fund, \$3,835,817 from the Park Dedication Fees Fund, \$2,670,000 from the Impact Fee Fund, \$1,575,000 from the EDC, and \$2,500,000 from the CDC.

A list of the proposed projects for fiscal year 2004 can be found on the pages following this summary.

# CITY OF FRISCO PARK DEDICATION FEE FUND BUDGET SUMMARY FISCAL YEAR 2003 - 2004

	ACTUAL FY 2001-02	ORIGINAL BUDGET FY 2002-03	REVISED BUDGET FY 2002-03	PROPOSED BUDGET FY 2003-04
Fund Balance, Beginning	\$2,559,033	\$3,216,270	\$3,104,986	\$ 2,843,646
Receipts:				
Park Dedication Fees Interest Income	2,158,687 60,338	-	652,000 40,000	1,000,000
Total Revenue	2,219,025	-	692,000	1,000,000
Funds Available	4,778,058	3,216,270	3,796,986	3,843,646
Deductions:				
Transfers Out - Other Funds	1,673,072	1,200,000	953,340	3,835,817
Total Deductions	1,673,072	1,200,000	953,340	3,835,817
Fund Balance, Ending	\$3,104,986	<u>\$2,016,270</u>	<u>\$2,843,646</u>	\$ 7,829

Park dedication fees were established to assure the availability of funds to purchase land and construct neighborhood parks. Developers are required to pay a fee based on the number of units or to contribute land. The funds are tracked separately and transfered to the Capital Projects Fund as needed for scheduled development.

Projects proposed for next year include several neighborhood parks and trails.

# CITY OF FRISCO THOROUGHFARE & FIRE IMPACT FEES FUND BUDGET SUMMARY FISCAL YEAR 2003 - 2004

	ACTUAL FY 2001-02	ORIGINAL BUDGET FY 2002-03	REVISED BUDGET FY 2002-03	PROPOSED BUDGET FY 2003-04
Fund Balance, Beginning	\$4,417,348	\$2,067,416	\$2,244,720	\$ 3,015,509
Receipts:				
Impact Fees - Fire Impact Fees - Parkwood Impact Fees - Thoroughfare Interest Income	1,223 167,372 1,021,970 59,383	- - - -	4,280 753,000 30,000	- - - -
Total Revenue	1,249,948	-	787,280	- ]
Funds Available	5,667,296	2,067,416	3,032,000	3,015,509
Deductions:				
Transfers Out - Other Funds	3,422,576	-	16,491	2,670,000
Total Deductions	3,422,576	-	16,491	2,670,000
Fund Balance, Ending	<u>\$ 2,244,720</u>	<u>\$2,067,416</u>	<u>\$3,015,509</u>	<u>\$ 345,509</u>

Impact Fees were established to assure the availability of funds for major capital projects needed as a result of new development. The laws governing the collection and disbursement of impact fees require separate accounting and reporting of these funds. Additionally, a city must do an analysis and update of the fee structure every five years.

The City takes a conservative approach and does not budget anticipated revenue. Funds are appropriated only after collected from the developer. Appropriations from this fund will be made later in the year as funds are received.

The City of Frisco sold Certificates of Obligation bonds in June 2003, which included a total of \$25,000,000 for the Utility Fund Projects. \$15,000,000 in funding is for improvements to the water distribution system and \$10,000,000 is for construction of the Public Works facility. This debt is considered self-supporting debt as revenues from the utility fund will pay for these Certificates of Obligation.

Other funding sources for the utility projects include transfers from the Utility Fund working capital and funding from the Water & Sewer Impact Fee Fund. The Impact Fee Study is being updated and projects could be added as a result of that report.

The Frisco Community Development Corporation benefits the City and its citizens by developing recreational resources. It operates primarily within the geographic boundaries of the City. The capital expenditures are for purchase of park land and the development of community parks. Parks to be developed in FY 04 include the McKinney Road Park (\$3,500,000), the Southeast Community Park (\$1,750,000), and improvements to Warren Park (\$265,400). FCDC is also contributing \$2,500,000 towards the construction of a new city Library. The designated general reserves has been established as a board policy; 5% of the annual sales tax revenue and interest income is set aside for future needs. There are no budgeted personnel; City staff assist the board members.

The Frisco Economic Development Corporation benefits the City and its citizens by developing economic resources. It operates primarily within the geographic boundaries of the City. Funding for this organization is derived from a half cent sales tax.

The FEDC has assisted the City in bringing many new businesses to Frisco, the first major achievement being the mall which opened in August 2000. The FEDC participated with the City in negotiations to bring a sports arena to Frisco which opened in the spring of 2003. Additionally, FEDC is participating in the Soccer Complex project which should open in 2005.

The FEDC has issued bonds and uses various other financing instruments in addition to the funds derived from the half cent sales tax. The debt service schedules for the bonds supported from the FEDC half cent sales tax can be found in the debt service section of the budget document.

DEPARTMENT	DIVISION/ACTIVITY	ACCOUNT
GENERAL GOVERNMENT	ECONOMIC DEVELOPMENT CORP	800.10.15

### **PURPOSE:**

The Frisco Economic Development Corporation in partnership with the City strives to bring new business ventures to the area that will provide a diverse market for employment and enhance the commercial and industrial tax base.

### **DESCRIPTION:**

The Frisco Economic Development Corporation, established by the city, is governed by a seven member board. The City appoints the board and gives final approval to the unit's operating budget. The revenue source is a half cent sales tax, which can be used as relocation incentives or to build infrastructure to entice businesses to the area. The FEDC uses specific critieria to determine whether to offer assistance to a business; criteria similiar to the City's guidelines for abatement offers. The FEDC is required to monitor the company to ensure that all requirements are met before payment of incentives.

### **ACCOMPLISHMENTS:**

- Corporate Headquarters for Thousand Trails, Inc, a national, members-only campground company; projected occupancy in September 2002
- Corporate Headquarters for GE Capital Consumer Finance, a leading provider of financial services to retailers, manufacturers, and consumers; projected occupancy in October 2002
- Regional Headquarters for Fieldstone Mortgage Company, a nationwide direct mortgage lender; projected occupancy October 2002
- Corporate Headquarters for GE Capital Financial Assurance, a provider of financial services to businesses and consumers; projected occupancy December 2002
- Corporate Headquarters for QuickCare, Inc., a provider of integrated clinical and financial software; projected occupancy December 2002
- Corporate Headquarters for Fujitsu Transaction Solutions, a provider of software and hardware transaction equipment and services; projected occupancy January 2003
- Corporate Headquarters for EADS Telecom, a provider of telecommunications architecture; projected occupancy November 2003
- These agreements will bring approximately 1,000 jobs to the community and occupy approximately 316,000 square feet of office space

### **KEY POINTS OF PROPOSED BUDGETS:**

- The operational cost includes a transfer to the Capital Projects Fund of \$1,275,000 for the FEDC commitment for the construction of a portion of Legacy.
- The total capital funding includes \$750,000 for Platinum Parkway and \$1,400,000 for improvements to Platinum Park. This funding is the remainder of the 2001 Certificates of Obligation Bonds.

### SUPPLEMENTAL INFORMATION

### **Glossary**

Amended Budget: The annually adopted budget as Contingency: A General Fund appropriation available adjusted through City Council action. (See revised budget)

Appropriation: A specific amount of money authorized by the City Council for the purchase of goods and services. The City's appropriation level is set at the department fund levels.

Assessed Property Value: The value set upon real estate or other property by the Collin County Appraisal District as a basis for levying taxes.

Balanced Budget: A budget in which planned funds available equal planned expenditures.

Bonds: A certificate of debt issued by an entity, guaranteeing payment of the original investment plus interest by a specified future date.

Budget: An annual financial plan that identifies revenues, specifies the type and level of services to be provided, and establishes the amount of money which can be spent.

**CAFR** (Comprehensive Annual Financial Report): The City's annual financial statement prepared in accordance with generally accepted accounting practices. This document is usually published in January, following the year-end closing in July and the annual financial audit conducted by an independent accounting firm.

Capital Equipment: Equipment with an expected life of more than one year and with a value greater than \$5,000 (such as vehicles, computers, or furniture).

Capital Improvement Budget: The budgeted costs to provide needed infrastructure, park development, building construction or rehabilitation and other related items. Funding is received from various sources.

Capital Projects Fund: A governmental fund to account for resources for construction, major repair or renovation of city property.

to cover unforeseen events that occur during that fiscal year. These funds, if not used, lapse to fund balance at year end. Contingency is not the same as Fund Balance or Retained Earnings.

**Debt Service:** The payment of principal and interest on borrowed funds such as bonds.

Debt Service Fund: A governmental fund used for resource accumulation and the payment of long-term debt principal, interest and related costs.

**Enterprise Fund:** A self-supporting fund designed for activities supported by user charges. The city's enterprise funds are Water & Sewer, Environmental Services and Superdrome.

Fines and Forfeitures: Fees collected by the State Court System, including bail forfeitures, fines, and parking fines collected by the City.

Franchise Tax: Energy tax imposed on all sales of public utility services, including electricity, gas, telephone and cable television.

FTE (Full-Time Equivalent): A term used when developing personal services budgets; 2,080 hours worked annually equates to 1.0 full-time equivalent (FTE) position.

Fund: An account to record revenues and expenditures associated with a specific purpose. Major City funds include the Capital Projects Fund, Debt Service Fund, Enterprise Funds, General Fund, and Special Revenue Funds.

Fund Balance: Reserves that are excess, surplus or that have not been budgeted.

FY (Fiscal Year): Any period of 12 consecutive months designated as the budget year. The City's fiscal year begins October 1 and ends September 30. For example, the notation FY 04 designates the fiscal year ending September 30, 2004.

GAAP (Generally Accepted Accounting Practices):
A set of rules governing the way in which the City's revenues and expenditures are accounted for in its quarterly and annual financial statements. The rules are codified by the Governmental Accounting Standards Board and the National Council on Governmental Accounting.

**General Fund:** A governmental fund to account for resources and uses of general operating functions of City departments. The primary resources are property, sales, and franchise taxes.

**Interest Income:** Revenue received from investing the City's *fund balances*.

**Interfund Reimbursement:** Administrative fees charged by the general fund to other City funds (e.g., Water & Sewer, Environmental Services) for the provision of administrative and other city services.

**Intergovernmental Revenue:** Federal, state and county grants, and other forms of revenue. These include participation in infrastructure improvements, Housing funds, reimbursement of police salaries, etc.

**Miscellaneous (Other) Revenue:** Sales of land, equipment, impounds/evidence, tower lease revenue, copy charges, and sundry revenue.

**Operating Budget:** A budget for general expenditures such as salaries, utilities, and supplies. Generally does not include the Capital Projects Fund.

**Permit Revenue:** Fees imposed on constructionrelated activities and for the acquisition of other nonbusiness permits (e.g., garage sale permits, alarm permits, etc.)

**Private Contributions:** Funding received from various nongovernmental entities (sometimes placed in escrow accounts providing for a specific dedicated purpose). Escrows are established for median and sidewalk improvements.

**Property Tax:** A tax levied on the assessed value of real and personal property. This tax is also known as ad valorem tax.

**GAAP (Generally Accepted Accounting Practices): Property Tax Rate:** The property tax rate on all A set of rules governing the way in which the City's assessed property within the City limits. The City revenues and expenditures are accounted for in its Council establishes the City's tax rate.

**Sales Tax:** A tax administered by the State, imposed on the taxable sales of all final goods. The City of Frisco receives one percent of the total 8.25% sales tax. 6.25% goes to the State and FCDC and FEDC each receive 0.5%.

**Sources:** All revenues and other receipts derived by the City including transfers from other funds, appropriation of prior years' earnings, proceeds from the sale of bonds, lease agreements, or other obligations.

**Solidwaste Collection:** An Enterprise fund which provides weekly trash and recycling pickup and bulky item collection. This service is accounted for in the Environmental Services Fund. Fees and expenditures are directly related to the services provided.

**Special Revenue Fund:** Funds used to account for certain property taxes, grant funds, and other special revenue legally restricted for specific purposes.

Water & Sewer Fund: An Enterprise Fund established to account for resources and expenditures of operating and capital costs of City water and sewer distribution, storage and pumping facilities.

ORDINANCE NO	

AN ORDINANCE OF THE CITY OF FRISCO, TEXAS APPROVING THE REVISED BUDGET FIGURES FOR FISCAL YEAR 2002-2003; ADOPTING A BUDGET AND APPROPRIATING RESOURCES FOR THE CITY OF FRISCO, TEXAS, FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2003; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE; AND PROVIDING FOR THE PUBLICATION OF THE CAPTION HEREOF.

WHEREAS, the City Manager has prepared a revision of certain figures in the Fiscal Year 2002-2003 Budget and submitted same to the City Council of the City of Frisco, Texas ("City Council"); and

WHEREAS, pursuant to the laws of the State of Texas and the Home Rule Charter of the City of Frisco, Texas ("Frisco"), the City Manager has submitted to the City Council the proposed budget of the revenues and the expenditures for conducting the affairs of Frisco and providing a complete financial plan for the fiscal year beginning October 1, 2003 and ending September 30, 2004 and has filed the same with the City Secretary (the "budget"). A copy of the budget is attached hereto as Exhibit "A" and incorporated herein for all purposes; and

WHEREAS, public hearings were held by the City Council on said budget on August 19, 2003 and September 2, 2003 at which time said budget was fully considered, and interested taxpayers were given the opportunity to be heard by the City Council; and

WHEREAS, the City Council has studied the budget and listened to the comments of the taxpayers at the public hearings and has investigated and determined that adoption of the budget is in the best interest of the City; and

WHEREAS, the City Council finds that all legal notices, hearings, procedures and publishing requirements for the adoption of the budget have been performed or completed in the manner and form set forth by law.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRISCO, TEXAS;

SECTION 1: Findings Incorporated. The findings set forth above are incorporated into the body of this Ordinance as if fully set forth herein.

SECTION 2: Adoption of Budget. The proposed budget estimate of revenues and expenditures for Frisco, attached hereto as Exhibit "A", as submitted by the City Manager and appropriated by the City Council for the fiscal year beginning October 1, 2003 and ending September 30, 2004, including the revised budgetary data for the fiscal year 2002-2003, is hereby approved and adopted.

SECTION 3: Appropriation of Funds. The sums below are hereby appropriated from the respective funds for the payment of expenditures on behalf of Frisco as established in the approved budget;

	Fiscal Year 2002-03 (Revised)	Fiscal Year 2003-04
General Fund	\$39,645,933	\$36,354,193
Water & Sewer Utility Fund	1,945,450	20,946,599
Debt Service	10,666,503	25,476,154
Capital Projects Fund	82,470,511	221,396,692
Thoroughfare Impact Fees	16,491	2,670,000
Park Dedication Fees	953,340	3,835,817
Water & Sewer Capital Projects	4,720,670	23,217,529
Water & Sewer Impact Fees	459,700	85,000
Hotel/Motel Tax Fund	504,036	2,035,906
Tax Incremental Reinvestment	10,171,918	14,319,718
Superdrome Operations	54,222	17,000
Environmental Services Fund	4,025,190	5,259,010
Panther Creek PID Fund	2,667,670	193,214
Frisco Square Muni. Mgnt. District	276,564	525,411
Workforce Housing Fund	200	225,278
Special Events Fund	150,506	156,526

SECTION 4: Authority of City Manager. Specific authority is hereby given to the City Manager to transfer appropriations budgeted from one account classification or activity to another within any individual department or activity; and, to transfer appropriations from designated appropriations to any individual department or activity.

SECTION 5: Savings/ Repealing Clause. All provisions of any ordinance in conflict with this Ordinance are hereby repealed; but such repeal shall not abate any pending prosecution for violation of the repealed Ordinance, nor shall the repeal prevent prosecution from being commenced for any violation if occurring prior to the repeal of the Ordinance. Any remaining portions of conflicting ordinances shall remain in full force and effect.

SECTION 6: Severability. Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. Frisco hereby declares that it would have passed this Ordinance, and each section, subsection, sentence, clause, or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional or invalid.

SECTION 7: Effective Date. This Ordinance shall become effective from and after its adoption and publication as required by the City Charter and by law.

DULY PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF FRISCO, TEXAS, on this 16th day of September, 2003.

E. MICHAEL SIMPSON, Mayor	
ATTEST TO:	
NAN PARKER, City Secretary	ABERNATHY, ROEDER, BOYD, & JOPLIN, P.C. RICHARD M. ABERNATHY City Attorney

AN ORDINANCE OF THE CITY OF FRISCO, TEXAS LEVYING TAXES FOR THE 2003 TAX YEAR AT THE RATE OF \$0.432 PER ONE HUNDRED DOLLARS (\$100.00) ASSESSED VALUE ON ALL TAXABLE PROPERTY WITHIN THE CORPORATE LIMITS OF THE CITY OF FRISCO, TEXAS; PROVIDING FOR A DATE ON WHICH SUCH TAXES BECOME DUE AND DELINQUENT TOGETHER WITH PENALTIES AND INTEREST THEREON; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE; AND PROVIDING FOR THE PUBLICATION OF THE CAPTION HEREOF.

WHEREAS, the City Council of the City of Frisco, Texas (hereinafter referred to as the "City") hereby finds that the tax for the fiscal year beginning October 1, 2003, and ending September 30, 2004, hereinafter levied for current expenditures of the City and the general improvements of the City and its property must be levied to provide the revenue requirements of the budget for the ensuing year; and

WHEREAS, the City Council has approved, by a separate ordinance to be adopted on the 16th day of September, 2003, the budget for the fiscal year beginning October 1, 2003, and ending September 30, 2004; and

WHEREAS, all statutory and constitutional requirements concerning the levying and assessing of ad valorem taxes have been complied with.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRISCO, TEXAS:

SECTION 1: Findings Incorporated. The findings set forth above are incorporated into the body of this Ordinance as if fully set forth herein.

SECTION 2: Tax Levied. There is hereby levied and ordered to be assessed and collected for the fiscal year beginning October 1, 2003, and ending September 30, 2004, and for each fiscal year thereafter until it be otherwise provided by and ordained on all taxable property, real, personal and mixed, situated within the corporate limits of the City of Frisco, Texas, and not exempt from taxation by the Constitution of the State and valid State laws, an ad valorem tax for the general operations of the City at a rate of \$0.432 on each One Hundred Dollars (\$100.00) assessed value of taxable property, and shall be apportioned and distributed as follows:

- a. For the purpose of defraying the current expenses of the municipal government of the City, a tax of \$0.225954 on each One Hundred Dollars (\$100.00) assessed value of all taxable property.
- b. For the purpose of creating an interest and sinking fund to pay the interest and principal on all outstanding debt, capital lease payments, and related fees of the City, not otherwise provided for, a tax of \$0.206046 on each One Hundred Dollars (\$100.00) assessed value of all taxable property, within the City which shall be applied to the payment of such interest and maturities of all outstanding debt.

Total tax rate of \$0.432 is based on one hundred percent (100%) market value on each One Hundred Dollars (\$100.00) of all taxable property within said City.

SECTION 3: Due Date of Taxes. The taxes assessed and levied hereby are payable anytime after the approval and publication of this Ordinance and not later than January 31 of the year following the year in which the taxes are assessed. The penalties and interest provided for herein shall accrue after January 31 of the year following the year in which the taxes are assessed. However, if the entire taxes due as provided herein are paid in full by January 31 of the year following the year in which the taxes are assessed, no penalty or interest shall be due.

SECTION 4: Penalties and Interest. A delinquent tax shall incur the maximum penalty and interest authorized by Section 33.01, Texas Property Tax Code, to-wit: a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1st of the year in which it becomes delinquent.

Provided, however, a tax that is delinquent on July 1st of the year in which it becomes delinquent shall incur a total penalty of twelve percent (12%) of the amount of the delinquent tax without regard to the number of months the tax has been delinquent. A delinquent tax shall also accrue interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid. Taxes that remain delinquent on July 1 of the year in which they become delinquent shall incur an additional penalty of fifteen percent (15%) of the amount of taxes, penalty and interest due; such additional penalty is to defray the costs of collection as authorized by Section 6.30, Texas Property Tax Code.

SECTION 5: Place of Payment/Collection. Taxes are payable at the office of the City Tax Assessor/Collector. The City shall have available all rights and remedies provided by law for the enforcement of the collection of taxes levied under this ordinance.

SECTION 6: Tax Roll. The tax roll, as presented to the City Council, together with any supplement thereto, is hereby accepted.

SECTION 7: Rollback Taxes: All rollback taxes collected during the 2004 fiscal year shall be deposited only in the General Fund of the City of Frisco, Texas and said funds shall not be allocated, in whole or in part, to the Debt Service fund of the City.

SECTION 8: Savings/Repealing Clause. All provisions of any ordinance in conflict with this Ordinance are hereby repealed; but such repeal shall not abate any pending prosecution for violation of the repealed Ordinance, nor shall the repeal prevent prosecution from being commenced for any violation if occurring prior to the repeal of the Ordinance. Any remaining portions of conflicting ordinances shall remain in full force and effect.

SECTION 9: Severability. Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. City hereby declares that it would have passed this Ordinance, and each section, subsection, sentence, clause, or phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional or invalid.

SECTION 10: Effective Date: This Ordinance shall become effective from and after its adoption and publication as required by the City Charter and by law.

DULY PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF FRISCO, TEXAS, on this 16th day of September, 2003.
